

J-3

***Our lowest priced full function machine.
Why cut on the floor when you can purchase a durable, low cost j-3?***

Accu-Cut Advantages

- ◆ One person can unroll, inspect, measure, cut, reverse roll and wrap all your carpet and vinyl simply and accurately.
- ◆ The j-3's steel frame incorporates laser cut precision and is welded, not bolted, providing you with the strongest and most durable machine frame available.
- ◆ PLC control includes multiple preset cut storage and product settings. Foot and inch counter automatically slows down the machine then stops precisely at the programmed measurement.
- ◆ We have designed an affordable cut and roll machine that is very reliable and extremely simple to operate.
- ◆ The j-3 takes up little space and is simple to move on its industrial strength casters. Lifting brakes keep the machine stationary while in use.
- ◆ Wrap around foot cable control provides the operator with a way to engage the rollers from the front or side of the machine. Makes wrapping and taping rolls simple.

J-3

Wrap around foot cable control, spring loaded roll up arm, speed control, auto run feature and open ended cradles provide for ease of use.
All are standard features on the j-3!

ONE PERSON OPERATION

FAST, STRAIGHT CUTS

Patented, two direction, chain driven cutter uses standard blades and applies pressure to the material being cut.
Get a straight, clean cut every time!

Directional switches control the rollers and cutter - the yellow push buttons activate them. Speed selection switch, easy to use PLC interface and emergency stop button.
An auto-run feature makes operating the machine even simpler!

USER FRIENDLY CONTROLS

CUT PIECE REMOVAL

All Accu-Cut machines are equipped with a cut piece dumping mechanism to off load your cut length.
Make multiple cuts off of one roll without using your forklift to remove the cut length!

The j-3's convenient fold-in cradles minimize the floor space required.
At 48 inches wide the j-3 can easily be stored under your storage rack!

SPACE SAVING DESIGN

REVERSE ROLL

Rolling carpet or vinyl pile/pattern side out is a simple one person, one step process.
Keep your remnants clean and easily wrap them for display!

Advanced control system includes a foot & inch counter, preset cut storage system, security keypad, multiple product settings and more.
The machine will automatically stop precisely at the programmed length!

PLC CONTROL

15' CUTTER EXTENSION

Built in cutting track provides a simple method to cut fifteen foot wide carpet.
The track extension stores inside the machine when not in use!
