

Improve your roll processing capacity and increase your productivity with an Accu-Cut feed table.

Basic Feed Table

Motorized conveyor system and manual loading arms will simplify your cutting needs. One person loads rolls to be cut on the table and picks up processed rolls from underneath the table while another person processes all your cuts on the machine.

Deluxe Feed Table

Fully automated, industrial strength conveyor system will meet the demands of the busiest warehouses. Pneumatically operated loading arms provide quick and effortless operation.
